

Expanding the World of Possibilities for Aging

LeadingAge®
Connecticut

About Us

LeadingAge Connecticut is a membership organization representing over 130 not-for-profit and mission driven providers of aging services. We are more than a membership organization. We are a community – advocating for an integrated and coordinated continuum of high quality, affordable and innovative health care, housing, and home and community-based services; and in which self-determination, compassion, benevolence, individual dignity, diversity and social responsibility are valued.

LeadingAge

Our national partner, LeadingAge, is an association of 6,000 not-for-profit organizations dedicated to expanding the world of possibilities for aging. Together, we advance policies, promote practices and conduct research that supports, enables and empowers people to live fully as they age.

LeadingAge Connecticut Membership

ADULT DAY CENTERS

Community-based centers that offer daily care in a group setting. Centers provide necessary health, personal care, and social services.

The Not-for-Profit Difference

LeadingAge members are nonprofit organizations that provide care, services and supports to older adults, their families, and the community at large. They are driven by a higher moral purpose to serve this population in accordance with their missions set forth by faith-based and civic groups who founded these organization decades ago. They strive to help older persons age safely in the place they call home with the most innovative care and services and, of course, with dignity.
